

How to Create an Offer in the Automated Advanced Acquisition Program (AAAP) - Census 2020

Select an RLP:

Note: Required fields are marked with a red asterisk (*). Red text and information buttons have been added to the workflow to provide further instruction.

This workflow populates the required information needed to submit a complete offer to the government. Required GSA Forms will be auto-populated as a result of your inputs. You do not need manually to fill out any forms to complete your offer.

After you select an RLP a pop-up will appear:

You must acknowledge that this RLP is only applicable for Census 2020 opportunities to proceed.

Enter address and click 'Validate Address':

GSA's Automated Advanced Acquisition Program

Your offer has been submitted successfully

The Automated Advanced Acquisition Program site has been developed to make it easier for people and businesses to interact with the government, save taxpayer dollars and streamline the leasing transaction process. The site offers the general public and businesses the opportunity to electronically offer building space for lease to the Federal Government. The offer submission process is completely web-enabled, allowing all registered participants to submit and update offers to lease space to the Federal Government within specified timeframes, in response to a Request for Lease Proposals (RLP).

Participants may choose to browse through RLPs on this site or may choose to search for RLPs and submit offers. In order to submit an offer, participants must register first. To register, please go to the registration page.

Who Are We?

The General Services Administration is the "business side" of the U.S. government. The General Services Administration was established over 50 years ago by President Truman on July 1, 1949 by section 101 of the Federal Property and Administrative Services Act as a result of a recommendation by the Hoover Presidential commission. We provide business leadership and expertly managed services, and solutions, at the best value, to enable Federal employees to accomplish their missions.
